São Sebastião Project

We held our first retreat of coordinators, leaders, and co-leaders. It was a blessing! 98% of the leaders were present, including new leaders and pre-teens who are already leading SGs.

Gratitude

We are grateful to God for providing us with another year of victory in his presence. I praise God for the offering received and I always thank the CCI for providing us.

Cláudia Nunes, missionary in São Sebastião, Distrito Federal

Eden Project

These children are beginning to have contact with the Word of God now. Some attend catechism and, in this house, they have been accompanied weekly by Rozilene Martins in 4 SGs since July 2024, when they had the 5-Day Club.

Community Children

We are encouraging these children in the community who participate in SGs to attend Sunday services at the local church. We aim to have more contact with them.

SG of Leader Marta

This is the Small Group of leader Marta, in the Baptist Church Vida Nova. These children have shown good results in discipleship. God has been praised throughout their lives.

Gratitude

Gratitude to God for His presence and His movement preparing the hearts of the children. And gratitude to CCI and CAMP Brazil for the blessed support!

Rosana Oliveira, missionary in Maranguape, Ceará

Maranguape, Ceará

"I'm Leticia, I'm 11 years old. I have participated in SG since I was 7 years old. One day, to be accepted into the group of friends at school, I started to speak some slang and vile words. And one day I was very excited to go to small group and the Word that night went against my heart.

Photograph: Leticia and pastor Terry, 2022.

The reflection encouraged everyone who was present not to speak "bad words", because this type of communication displeased God and grieved the Holy Spirit. I abandoned this practice of swearing and consider myself free."

Gildemar e Fadia Cavalcante, missionary in Maranguape, Ceará
