### **Éden Project**

This SG is led by Rafaela. These children have been putting in great effort to learn, and we can see the fruit in their behavior and their understanding of the Word. We praise God for the life of each child and for the support CCI has provided.

Rosana Oliveira, missionary in Maranguape, Ceará

## Maranguape, Ceará Project

"My name is Ana Julya, and I have been part of the SG for almost 5 years. I'm 10 years old now and I always get really happy when it's SG day. Whenever I see Michelly on the street, I immediately ask if we're having SG on Monday. My behavior has improved both at school and at home with my siblings because we used to fight a lot".

Thanks to everyone at Children's Camps International for all the support in this blessed project. SG led by Michelly Lima

Gildemar and Fadia Cavalcante, supervisors in Maranguape, Ceará

## New Hope Social Project

*Thaís Ketlen, 14 years old*

"In the SG, I've been learning about the Word of God. Before, I didn't have much understanding, but after joining the project, I've started to enjoy learning more about the Word.

What makes the SG special is the respect we practice, we're taught to respect both our classmates and teachers, and we also have good communication with everyone."

Pastor Junior Luiz, supervisor in Pajuçara, Ceará

## São Sebastião Project

The children are very excited about the “organelles” module. They’re learning new things about God, and it makes a leader’s heart so happy to see their eager eyes wanting to learn.

May God be praised for the life of each child and every sower who has helped this project grow! Grateful to CAMP Brazil and CCI!

Claudia Nunes, missionary in São Sebastião, Federal District
